

Across the Narva Errata 01/08/2018

2.5.1 Second paragraph. Eliminate the first three sentences that talk about 2 Barrage columns. There is only one Barrage column on the CRT and it is used for all terrain types. The 4th and 5th sentence are correct.

4.2.5 Add the following after the second sentence. Other than the restriction of being within the command range of another Soviet Army HQ a reinforcing Soviet Army HQ may be placed in any hex that is in Soviet supply.

9.5.4 The reference was left out. (see 10.1)

3.0 In the sequence of play under supply is the HQ removal segment. That has been removed from the game and this was left by mistake.

6.2.2 The reference to Peipsi Jarv in the rules is lake Peipus on the south edge of the map.
